

## Required Waiver and Release for Participation

In consideration of being allowed to participate in the 2012 Kettering Sports Medicine Center Athletic Training Workshop, I/We release and agree to hold Kettering Sports Medicine Center, Kettering Medical Center, its agents, and employees from any and all claims which I may now or which may hereafter arise in connection with my participation in the Athletic Training Workshop.

I have been advised that the Athletic Training Workshop will involve my participation in some moderate exercise. I acknowledge that I am aware of the risks of injury involved from such exercises and I represent that I am aware of nothing in my physical condition which would or should prohibit me from engaging in such exercises.

## 30th Annual ATHLETIC TRAINING WORKSHOP

## ATHLETIC TRAINING WORKSHOP

The Kettering Sports Medicine Center Athletic Training Workshop is designed to introduce students to the field of Athletic Training, while exposing them to other components under the Sports Medicine umbrella.

The workshop will focus on practical skills for the prevention and management of athletic injuries. This will include lectures as well as hands on practical sessions.

Topics include basic taping and bandaging, basic anatomy, initial injury management, prevention of injuries, functional rehabilitation, careers in sports medicine, and other related topics.

There will be representatives attending from area colleges with athletic training programs. Students will also visit Kettering College's anatomy and cadaver labs.

### Instructors

Staff members from the Kettering Sports Medicine Center, athletic trainers, physical therapists, physicians, and other local Sports Medicine professionals will be the core instructors at the workshop. Several of the athletic trainers have been named Athletic Trainer of the Year, or inducted into the Hall of Fame by the Ohio Athletic Trainers' Association.
